EDUCATION

BTech Computer Engineering

J.C Bose University of Science & Technology

07/2018 - 06/2022

Faridabad, Haryana

Computer Engineering

◦ **CGPA 8.2**

High School

Gita Bal Niketan Sr Sec School

06/2016 - 05/2017

Faridabad, Haryana

PCM

◦ **CGPA 8.7**

WORK EXPERIENCE

Trainee Intern

Principal Global Services

12/2021 - Present

Pune, Maharashtra 411028

Achievements/Tasks

◦ **Flask | React.js | Node.js | Java | Oracle**

- Collaborated with cross-functional teams for designing backend architecture by deploying Node.js
- Gained proficiency in working on single-page applications and REST-based architectures.
- Gained proficiency in working on single-page applications and REST-based architectures.

Web Developer Intern

Geniuls

07/2021 - 11/2021

Faridabad, Haryana 121006

Achievements/Tasks

◦ **JavaScript | React.js | Node.js | Figma | Oracle**

- Assisted in developing server-based Node.js software and debugging the modules for better performance.
- Designed database schema by following all the normal forms integrated with existing APIs.
- Worked within an agile team and build new ReactJS components which improved average user time.

SKILLS

Python

C++

JavaScript

Java

React.js

Node.js

Flask

MongoDB

Oracle

MySQL

Git

Netlify

Heroku

Figma

PROJECTS

Accenture Innovation Challenge 2021 [🔗](#)

◦ **Express.js | Mapbox | MongoDB | geoJSON**

- Developed a web app for developers to interact and share their projects, work, and experiences.
- Added a SOS app for clients to register any SOS with location and a Report filing system for dispatch.
- Added Mapbox API for displaying map and geoJSON API to plot various points on the map.

Smart India Hackathon 2020 [🔗](#)

◦ **Python | Flask | Gensim | NLP | JavaScript | PostgreSQL**

- Developed an NLP-based chrome extension that uses Flask API for text analysis and summarization.
- Integrated with SUM-XT-API for text analysis and uploading web-page content to the API for summary tasks.
- Implemented summary analysis using gensim library and Text-to-Speech using chrome tts API.

Only Devs [🔗](#)

◦ **React.js | Node.js | Express.js | MongoDB | JWT**

- Developed a web app for developers to interact and share their projects, work, and experiences.
- Designed and implemented React frontend with redux and node for the backend for a seamless experience.
- Used MongoDB Atlas for database, GitHub API to get repo of the users, and JWT for authentication

ACHIEVEMENTS

Currently Rated 4-Star (1818) on Codechef.

Among the top 50 teams in Accenture Innovation Challenge 2021 organized by Accenture.
